Georgia Minority Health Advisory Council Addendum

Because of Georgia's racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems' ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. We appreciate your willingness to provide information on the following questions:

1. Do you have paid medical interpreters on staff? (Check the box, if yes.) ☒

If you checked yes, how many? 12 (FTE's)

What languages do they interpret?

Spanish, Chinese, Portuguese, Korean, Vietnamese, Russian 12 FTEs and 12 PRN Interpreters

2. When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? (Check all that apply)

Bilingual Hospital Staff Member ☒

Bilingual Member of Patient's Family ☐

Community Volunteer Interpreter ☐

Telephone Interpreter Service ☒

Refer Patient to Outside Agency ☐

Other (please describe): ☒

Bilingual staff and physicians are assessed in their target language through a bilingual fluency assessment process to speak directly with LEP patients. However, bilingual staff many not serve as interpreters. Video interpreters via iPads; Agency in person interpreters

3. Please complete the following grid to show the proportion of patients you serve who prefer speaking various languages (name the 3 most common non-English languages spoken.)

Top 3 most common non-English languages spoken by your patients	Percent of patients for whom this is their preferred language	# of physicians on staff who speak this language	# of nurses on staff who speak this language	# of other employed staff who speak this language
Spanish	4.24%	0	0	0
Korean	0.29%	0	0	0
Vietnamese	0.21%	0	0	0

4. What **training** have you provided to your staff to assure cultural competency and the provision of **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

All staff interpreters must complete annual computer based learning (CBLs) on culture and competencies on language services. Interpreters round daily on LEP patients based on language census report printed daily. All NSH must complete annual education on the importance of using a qualified medical interpreter.

5. What is the most urgent tool or resource you need in order to increase your ability to provide **Culturally and Linguistically Appropriate Services (CLAS) to your patients?**

Our hospital continues to grow and serve more diverse patients. We will benefit from hiring more qualified interpreters in additional languages like (ASL) American Sign Language, Arabic, French Creole and French.

6. In what languages are the signs written that direct patients within your facility?

1. English

2. Spanish

3.

4.

7. If an uninsured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? (Check the box, if yes) ☒

If you checked yes, what is the name and location of that health care center or clinic?

Bethesda Clinic, 111 Mountain Brook Dr, Canton, GA 30115

Georgia Highlands, 220 Oakside Lane, Canton, GA 30115

Good Samaritan Health & Wellness Center, 175 Samaritan Way, Jasper, GA 30143

Title: CEO, Northside Hospital Atlanta

Comments:

NOTES ABOUT THIS SURVEY:

Various Areas of the AHQ and Addenda: Race/Ethnicity of Patients: The determination of a patient's race is based on the discretion of the admissions clerk. If the admissions clerk is unsure of the patient's race, the clerk must choose "Multi-racial/Unknown". In addition, "Hispanic" or "Latino" are ethnic characteristics, meaning that Hispanic patients may be of any race. As such, the figures provided should be considered only a very rough approximation of true utilization by race at Northside Hospital.

Part D, Item 1: Utilization of Beds: Critical Care Admissions and Discharges: The figures provided represent direct admissions to and direct discharges from critical care beds only. Length of stay in critical care beds cannot be accurately calculated using direct admissions and discharges because these figures do not represent all patients who spent time in a critical care bed (e.g., patients transferred from other units), while inpatient days and discharge days do reflect all occupied bed days.

Part D, Item 4: Government Payment Source: Medicare admissions and days include Medicare managed care, while Medicaid admissions and days include Medicaid managed care.

Part E, Item 1: Emergency Visits to the Hospital: Consistent with past surveys dating back to 2003, based on instructions from DCH staff, only outpatient visits to the ER are to be included in this figure. Total ER visits thus would equal the sum of Lines E.1. and E.2.

Part E, Item 4: A portion of behavioral Health patients in the ER are seen in a multipurpose bed first, before being moved to a Behavioral Health room. These visits are counted twice in Item 4 because 2 rooms are occupied during each behavioral health visit.

Part E, Item 7: Total Observation Visits: Observation patients seen in the Emergency Department are included as Emergency Room visits are not reflected in this total. Total Observation Visits includes all 23-hour patients (observation and extended recovery) served outside of the ED.

Part F, Item 1: Services & Facilities: "ESWL": Northside contracts with two different companies for this service. Each company provides a transportable unit at either Northside Hospital or Northside's Meridian Mark Outpatient Center one or more days per week. No more than one unit is on site at either location on any given day.

Part F - CT, MRI, and PET units and procedures: Includes the units and procedures for all hospital-based imaging centers under the license of Northside Hospital Atlanta.

Part F, Item 1: Services & Facilities: "Other Organ/Tissues Transplants" represents Bone Marrow Transplants.

Part F, Item 1: Respiratory Therapy Treatments: Beginning with the 2009 survey, Northside began using UB codes to determine the number of respiratory therapy treatments.

Part F, Item 1: PET Units: In December 2020, Northside implemented a CON for mobile PET/CT services provided at its Conyers Imaging location for one day per week. This leased unit is included in the PET/CT unit count.

Part F, Item 1: Ultrasound units and procedures: Per instructions from DCH staff, ultrasound procedures include only diagnostic ultrasounds and exclude prenatal ultrasounds.

Part F, Item 1: Robotic surgery procedures are determined by ICD-9 and ICD-10 codes.

Part F, Item 2: Medical Ventilators: The figure reported includes both adult and infant ventilators.

Part G, Item 1: Budgeted and vacant budgeted FTE figures are estimated.

Part G, Medical Staff Info.: Please note that the medical staffs of Northside Hospital, Northside Hospital Forsyth, Northside Hospital Cherokee, Northside Hospital Gwinnett, and Northside Hospital Duluth have been merged and are thus identical. Northside Hospital does not maintain data regarding the race/ethnicity of its medical staff. Northside does not have figures on medical staff enrolled in Medicaid or PEHB.

Part G, Item 5: Oral surgeons are included in the "Other Surgical Specialties" category.

Part G, Item 5: Other Staff Affiliates are employed by physicians on staff. None can function independently, and thus do not have "privileges" by Northside's definition. These staff have "clinical functions", not clinical privileges.

Surgical Services Addendum, Part A, Item 1: Consistent with our prior surveys, the operating rooms reported here are sterile rooms only.

Perinatal Addendum, Part A: As we have done on past surveys, we have reported the number of C-section rooms under "Number of Delivery Rooms".

Perinatal Addendum, Part C3: Northside does not assign CPT codes to inpatients. This average charge represents those patients classified under MS-DRG 775.

Minority Health Addendum, Item 3: Northside does not have information on the number of physicians, nurses, and other staff who speak the languages listed.

-
